Dear Ray:

Enclosed is the first draft of FM 31-21. I am taking you up on your kind offer to look it over and make comments and suggestions.

I am aware that there is a fair amount of repetition in the manual. Russ felt that it was not fair to a reader to require him constantly to refer back and forth to other parts of the book. I kinda agree with him.

The manual will be revised on the basis of comments received from Leavenworth, Army War College and AFF--all of which will be due in about the end of January. I wo ld appreciate getting your comments by that time.

Sincerely,

ARTHUR P. MURPHY
Lt Col, Inf.
